

## SAVANNAH GUIDES

*Protectors and Interpreters of the Outback*

### **SAVANNAH GUIDES SCHOOL – KATHERINE, NORTHERN TERRITORY**

**Thursday 6<sup>th</sup> November to Sunday 9<sup>th</sup> November 2008**

The next Savannah Guides School will be held in Katherine, Northern Territory.

This school will focus on water and river environs tying together aspects of water usage and management, hydrology, geology and exploration. The school will also incorporate cultural aspects with links to water and the Katherine River as we spend time in both Jawoyn and Waderman land.

We will work with Manyallaluk Tours and showcase the Savannah Guides Community Development Program – a program to develop Indigenous tourism on country.

We are currently confirming details and presenters but you can be assured of an interesting, fun and informative event in keeping with the tradition of Savannah Guides Schools.

Indicative costs are around \$300 for Savannah Guides Members and around \$500 for non-members including all activities and meals. These costs will not include accommodation or camping fees.

More information will be available through future releases, Savannah Guides newsletters and on our website.
